

**The Public Schools  
Department of Student Support Services  
West Orange, NJ 07052**

To: Physicians and Parents:

We are writing to ask for your cooperation as we attempt to best serve the children in our schools regarding the administration of medication during school hours. The West Orange Public Schools' policy regarding the administration of medication during the school hours is as follows:

- 1) Parents & treating physicians are responsible for the diagnosis and treatment of a student's illness. The administration of prescribed medication to students during school hours will be permitted when failure to take such medicine would jeopardize the health of the student, or the student would not be able to attend school if the medicine were not available during the school hours.
- 2) Pupils requiring medication at school must have a written statement from the family's physician that identifies the type, dosage, time schedule, purpose of the medication and possible side effects.
- 3) A written statement from the parent or guardian of the pupil giving permission for the school nurse to give the medication prescribed by the family physician is required.

Sincerely,  
School Nurse
