Re: Grab-N-Go Breakfast Cart

Dear Parents/Guardians,

We have some exciting news! Starting Monday, October 7th, Edison Middle School will be offering grab-n-go breakfast bags ready for when the students enter the building. The breakfast cart will be located on the opposite side of the school than the cafeteria. This is for the convenience of the students who enter on the south side of the building and do not have time to make it to the cafeteria. If the bus is behind schedule do not worry, your child(ren) will be able to grab their breakfast on the go. There will be a computer with the cart so students can use their food service accounts. Also, please remember that if your child(ren) are eligible for free or reduced meals, that includes breakfast!

If you have any questions, please do not hesitate to reach out to the food service department at 973-669-5400 extension 20595.

Thank you,

Joshua Kreutz
Food Service Director
