COURSE SELECTION PROCESS for the 2025 – 2026 School Year

The course section process for the 2025 – 2026 school year will begin in January 2025. Students are expected to consider the courses chosen during the course selection process carefully. Review the Program of Studies before selecting courses. When a student decides to withdraw from a course after the start date it may adversely affect graduation requirements and course enrollment. All students will meet with their school counselor to discuss their course requests. The information below is also on the [Google site](#) for scheduling.

1. Review [Course Selection Process video](#)
2. Review [the Course Selection Form](#), which includes electives that you can select to take. Keep the Program of Studies at hand when reviewing courses for criteria and course descriptions.
3. Please come to your scheduling meeting with 5-7 elective choices selected.

During the scheduled meeting the school counselor will:

- ✓ Review current courses and teacher recommendations
- ✓ Answer any questions the student may have and review graduation requirements and post-secondary plans.
- ✓ Provide courses recommended by current teachers
- ✓ Recommend courses based on interest
- ✓ Encourage students to review the course selections with parents

Students will meet with school counselors to complete course requests for the 2025 - 2026 school year in their English during the timeframe below. Prepare any questions that you might have for your school counselor as well.
