Superintendent of Schools

J. Scott Cascone, Ed. D.

September 30, 2021

Dear West Orange High School Community:

This correspondence serves as notice that there has been a confirmed case of COVID-19 reported at West Orange High School. Contact tracing has been conducted and notifications to students and staff have been taking place. The necessary quarantine has been implemented to restrict further spread of the virus.

School personnel will notify you if your child is affected and, likewise, administration will notify staff affected by such instances of positive cases. If you have any questions about your child's need to quarantine, please contact your school nurse or building administrator.

As always, we appreciate our community's support and cooperation. Please continue to follow social distancing, mask wearing and hygiene protocols both in and outside of the school environment, as this is essential to keeping our programs operating. The assessment of our operations continues and determinations will be made in the best interest of safety.

Please note that additional, district-wide case information can be found on the district website on the [COVID 19 Dashboard](#).

I thank you in advance for your time and attention and wish you a pleasant day.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Scott Cascone".

J. Scott Cascone, Ed. D.
Superintendent
