STATEMENT FROM WEST ORANGE PUBLIC SCHOOL DISTRICT

**UPDATE ON LEGIONELLA TESTING (October 10, 2018)**

**St. Cloud Elementary School**

Dear St. Cloud Elementary School Parents and Guardians:

We received the retesting results after the chlorination process was completed for St. Cloud Elementary School. All samples came back negative for Legionella. The results are attached to this letter. They can also be viewed on the website, [www.woboe.org](http://www.woboe.org), click on Legionella Testing and click on St. Cloud – Legionella Results after Chlorination.

The water continues to be safe for drinking, hand washing or any other reason water would be needed. I thank you for your cooperation during the very complex process.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Rutzky".
