In October of 1987, a group of West Orange residents had a vision, one that would honor the legacies of West Orange athletics as a way to pay tribute to the heroes of the past and encourage the current and future youths of the town to strive for their full potential as athletes and citizens. It is from this vision that the West Orange Athletic Hall of Fame Committee was formed. And one year after the committee's inception, they celebrated their first Induction Dinner.

Tonight, we are gathered here to continue the tradition which was started over 30 years ago. It is our way of formally recognizing the excellence and achievements of these former athletes who have graced our fields and our courts with the spirit that has made us all proud to be a part of West Orange.

The individuals who are being inducted in tonight's ceremony will rightfully take their places of honor and add another chapter to the distinguished history of West Orange athletics.

We are extremely proud of this year's class of inductees and are confident they will serve as role models for the youth of our town. Congratulations to all those who are being honored this evening, and we thank you for your service to West Orange.

I wish to personally thank all the members of the committee for their diligence, dedication, and insight for their continued support with Hall of Fame; without their efforts, this memorable evening would not be taking place.
