Mrs. Villalobos

Dear Parent/Guardian,

I've been teaching in the district for over 10 years. I love my job and I enjoy teaching my students all about art. My students focus on the elements and principles of design while pursuing their own personal identity and developing their artistic persona with my guidance. My students learn and explore a range of materials and techniques.

I look forward to working with my students and watching them develop as an artist. I like to tell all my students: "Remember that effort creates ability, the more time and care you put into each assignment, the better your art work will become." Teaching art is my passion, but making a positive impact in the way your child achieves success is my mission. Each effort is worthy of merit and each outcome has endless possibilities!

I firmly believe that the connection between home and school is essential for student success. If you have questions or concerns, please don't hesitate to contact me. The best way to reach me is through email: LVILLALOBOS@WESTORANGESCHOOLS.ORG
