

STREET SMART

Make West Orange's Streets Safer!

Take the Street Smart West Orange Survey

The Township of West Orange is working on a **Street Smart NJ** pedestrian safety campaign in partnership with EZ Ride Transportation Management Association and the North Jersey Transportation Planning Authority. Take a 5 minute online survey in English or Spanish before December 15 and find out how much you know about NJ traffic laws and steps that drivers and pedestrians can take to make our roads safer. All who complete the survey will be entered in a raffle for a \$100 gift card.
