Dear Gregory Elementary School Community:

This correspondence serves as notice that there has been a confirmed case of COVID-19 reported at **Gregory Elementary School**. Contact tracing has been conducted and notifications to students and staff have been taking place. The necessary quarantine has been implemented to restrict further spread of the virus.

School personnel will notify you if your child is affected and, likewise, administration will notify staff affected by such instances of positive cases. If you have any questions about your child's need to quarantine, please contact your school nurse or building administrator.

Please note that additional, district-wide case information can be found on the district website on the [COVID 19 Dashboard](#).
