Help Inform our New Math Program Selection!

Come see the choices presented by the publishers!

As you might have heard, the school district is selecting a new math program for grades 6-8. A committee made up of teachers, administrators and parents have worked hard to evaluate five programs and have narrowed it down to the top choices that meet the recommendations made by the evaluation committee during 2017-2018 school year.

Grade 6: Ready Math, Reveal Math or Everyday Math
Grades 7 and 8: Ready Math or Reveal Math

Now it is YOUR opportunity to provide input and inform the selection process.

The committee has arranged for the top programs, Reveal Math, Everyday Math, and Ready Math, to come present to parents and take a quick survey at the event. There will also be time for your questions.
