Caring Contact will provide you, as parents/caregivers, tools to ask about suicide directly, techniques for truly being there for your child, and steps to collaborate with your child to keep them safe in the moment.

Highlights of this presentation include:

- Opening a dialogue about suicide with someone in crisis.
- Identifying the risk factors of someone in crisis.
- Developing the skills to support those struggling, including active listening skills (ie: asking directly about suicide) and applying basic suicide intervention skills.
- Providing suicide prevention resources.
