Mountaineer Parents,

As this first week of school draws to a close, we hope this email finds you and yours safe and healthy. We also hope your Mountaineer child (or children) is having success as we all become more familiar with learning and navigating through this new world of real-time on-line classes.

We are aware that this new environment can be stressful for our students, parents, families, and staff, and we write to remind you that as Deans, we are here to support our students and families in any way we can.

If your student is experiencing difficulties with which we can help, we are available to meet in person, online, or on the phone with you, your child, teachers, and/or counselors. We can help address many difficulties our students face, and can refer you to those who can help with anything that is beyond our scope.

We look forward to a close relationship this year with not only our students, but with the supportive families who share our goal of a productive, rigorous educational experience for all of our students.

Our contact information and caseloads are listed below. Following that are a few resources that you might want to keep handy.

Stay safe. Be well. We look forward to hearing from you.
