

TAX LEVY PROJECTION 2011-2012

Based on the numbers received from the tax assessor's office after the revaluation, the following is the projected tax rate for school taxes in the budget that was passed by the Board of Education at its March 28, budget hearing. Keep in mind that this is the projected average single family home after the revaluation. Some homes may be assessed at more and some at less. As a result, your tax bill may be more or less than what is shown here. The Board of Education does not set the tax rate. That function is accomplished in the tax assessor's office.
